

# PRIOCAB Typ30

Under-table safety cabinet according to DIN EN 14470-1

Fire resistant under table type 30 safety cabinet for proper storage of flammable liquids and solid materials in work areas.

Type 30 safety cabinets, tested and certified in accordance with EN 14470-1, offer a fire resistance rating of 30 minutes, and are GS (geprüfte Sicherheit - tested safety) certified.

The single-layer structure of the body and door give the cabinet a high level of mechanical strength. The high-quality interior and exterior surfaces are easy to clean.

## Function

- Fire resistance 30 minutes
- GS Certificates
- Safety cabinet Typ30 according to EN 14470-1
- Suitable for the storage of inflammable fluids

■ Hydraulic door closer

■ Removable shelf

■ Drain pan with perforated plate insert

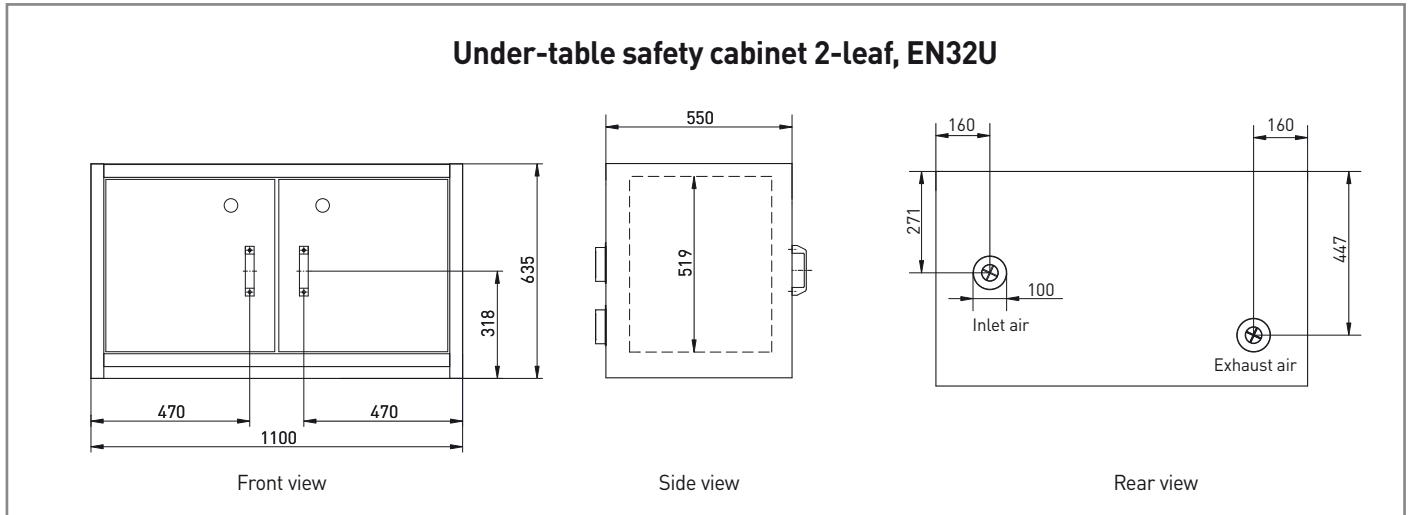

### Construction & Equipment

- Under-table safety cabinet with high-quality surface inside and outside
- Single-layer wall construction
- Double-leaf version (width 1100 mm)
- In case of fire, self-closing ventilation openings at the rear, connections DN 100 mm
- Door closer with integrated hold-open system and thermocouples for automatic door closure in the event of fire
- Different equipment variants
- Fittings adjustable in 32 mm hole spacing
- Floor pan with perforated plate insert for use as a fourth storage level
- Grounded tank bottom, tilt resistant with a central hole for systematic removal of leakage

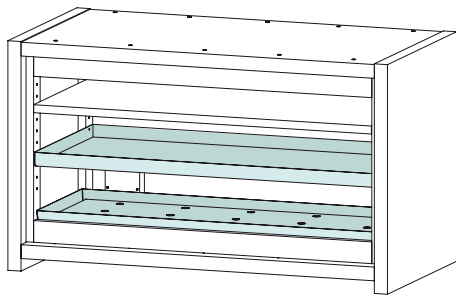

### Material & Surface

- Homogeneous building material, single-layer construction
- Standard surface CP laminate
- Surface light grey, similar to RAL 7035
- Easy to clean
